

TECHNICAL SUPPORT

In need of technical support for your event? You can find it here!

Need technical and logistical support? Ask our team.

Since 2010, we have supported many clients in the technical and logistical implementation of cultural events and projects.

By using our team's services, you will contribute to the development of young people who want to kick-start their careers. Young people between the ages of 18 and 30, without a degree but with plenty of resourcefulness and potential, looking for opportunities to demonstrate their worth in practice.

Our team of eight workers can perform numerous technical and logistical support assignments. It operates across Brussels and sometimes beyond. You place an order for the number of people needed to do the work. You only pay for the hours worked. Two team coaches give the workers technical and skills-development supervision, with on-the-spot guidance as required.

ASSIGNMENTS

We carry out several types of assignment:

- Stage assembly: assembling and dismantling performance platforms, tiered seating and podiums, installing stage skirting, trusses and fly bars, assembling and dismantling scenery and legs, stage and equipment cleaning, etc.;
- Sound and lighting installation, back line setup and stage set changes;
- Loading and unloading trucks;
- Reception, event stewarding and establishment of security perimeters.

WE WORK REGULARLY FOR

Palais 12, Forest National (Step In Live), La Monnaie, Rosas, Théâtre National, Flagey, RTL Events, TOMORROWLAND, Esperanzah, Supervlieg/Supermouche (Wiels), Vlaams Omroeporkest en Kamerkoor, Fête de l'Iris, Festival de la BD, Festival EAT (Visitbrussels), Maison des Cultures et de la Cohésion Sociale, Beursschouwburg, Kaaithheater, Les Halles de Schaerbeek, Kunstenfestivaldesarts, Cultureghem, Charleroi Danses, Le Botanique, La Vénèrie, P.A.R.T.S., Festival PLAZEY, ...
